I am a hardworking self-starter seeking a position as a software developer/engineer. I have a passion not only for learning as much as possible about the field I work in, but also for learning as much as possible about the company I work for, to become a well-rounded member of a team. I have extensive experience in air freight operations as well as residential real estate sales.

Experience

Realtor/Keller Williams Realty Brazos Valley-BCS Home Team, College Station, Texas

Responsibilities include marketing our team's real estate services through social media, direct mail campaigns, and outbound phone calls. Preparing and presenting pricing analyses and marketing strategies to prospective listing clients. Showing properties to prospective buyers. Maintaining transaction paperwork such as contract addenda, listing agreements, buyer's representation agreements, etc. Guiding clients through the buying or selling process.

Courier/FedEx Express, College Station, Texas

Responsible for safely and efficiently sorting and delivering overnight packages in College Station, Texas, and surrounding areas. Led the team responsible for receiving and delivering First Overnight packages.

Skills

C#, HTML5, CSS, GitHub
